

Help Wanted

Yes I want to have my toes curled.
And do the same for you.
To merge bodies
Seemingly as one.

But what I need,
Is sanctuary.
To be myself.
To be myself as I am.
To let my guard down.

To be heard,
Not just listened to.
And to see
Behind the veil
Of another.

To risk setting free.
If I am brave.

And to laugh!
And to wonder.
And wander.

I want
To share my mind
In my bed
With you.

To explore.
To look forward.
Alone -
But together.

To craft a future
Into the unknown.

It's a wild ride.

You coming?
